

Delay of National Provider Identifier (NPI) Registry

The NPI registry that was expected to be posted on the CMS Web site on August 1 has been delayed. Instead, the following message appeared on the CMS Web site: “CMS is delaying the deployment of the NPI Registry and the dissemination of FOIA-disclosable health care provider data from the National Plan and Provider Enumeration System (NPPES). Additional information will be forthcoming on the CMS Web page at http://www.cms.hhs.gov/NationalProvIdentStand/06a_DataDissemination.asp.”
